

WE ARE OPEN FOR BUSINESS AND SUPER EXCITED!

It has been too long since we have seen your faces!

Our coffee needs to be shared and don't forget our treats.

AND yes, do not worry, everything is still RID!

So even though we are extremely excited we know this is still a stressful time and we want to set you at ease.

So, here are some of the guidelines we will be following. We promise you it is a much bigger documents filled with rules and regulations to keep you, our clients, safe, so we will just touch a few points.

There is a lot of cleaning that has to be done on our side, we will be doing the following from our side; A staff member will be wearing the required PPE, cloth face mask, face shield, disposable gloves, and disposable aprons. Each workstation is supplied with its individual 70% alcohol-based sanitizer. A counter shield is also in place.

The card machine will be sanitized before and after the customer has made contact with the card machine.

Doors will not be opened all the way to limit access.

All our employees have had training and know what measures must be taken to prevent spread.

Also, our times may differ, but keep a lookout on our social media for any time changes.

For you guys, you must sanitize with 70% sanitizer provided by us before entering the store.

Only 2 customers are allowed inside in our small stores and 4 in our bigger Xpresso café's

Customers must queue in the designated areas marked with signage.

And remember, NO MASK, NO ENTRY

So, with all the rules aside we just want to say that we are really excited for what is to come. This lockdown period gave us time to think, brainstorm, think outside the box, and any other creative way of finding ways to make Xpresso better for you!

We have really cool things coming your way really soon. This may include freebies... or not.

Who are we kidding, of course, it includes freebies. We love to treat you guys and give you free stuff.

We have warned you, and the ball is now in your court. Keep updated on our social pages and you might just get a glimpse of what is to come.

And on that note, go ahead to your favorite store, buy your favorite item and send us a selfie on Facebook or Instagram and tag us so we can share it to the rest of the world.

If you have not connected with us yet head on over to our Instagram and follow us.

All our love and excitement.

The Xpresso team
